MEMORANDUM FOR THE ACTING COMMANDER
U.S. Army Service Center for the Armed Forces

SUBJECT: Central Intelligence Agency Request to Use Department of Defense Bus Route 19

The following information is in response to your August 28, 1973 memorandum and confirms your phone conversation today with John Williams of this office:

1. The CIA bus schedule will be coordinated with the DoD bus schedule. No change will be necessary in the DoD Route 19 schedule.

2. The present DoD bus stop between the Architects Building (1400 Wilson Boulevard) and the Commonwealth Building (1300 Wilson Boulevard) will be used as the transfer point. In view of the ten minute layover here by the DoD buses, this will allow riders to transfer between DoD and CIA vehicles with a minimum of lost time.

3. CIA riders will use their building passes for identification in riding DoD buses. Since these passes are distinctive, they can serve to restrict CIA riders to the use of Route 19 between Rosslyn and the Pentagon but would avoid the costs of designing and printing special identification documents.

4. Since it is not proposed that there would be any fund transfers between DoD and CIA, the Memorandum of Agreement attached to the proposed ACTION MEMORANDUM for the Deputy Secretary of Defense should suffice. Any supplementary agreements concerning the operation of the buses can be documented, if deemed necessary, by letter, and any such agreement will be coordinated with USASCAF.

MEMORANDUM OF AGREEMENT

In consideration of the mutual benefits to be derived, the Department of Defense agrees to allow officers and employees of the Federal Government employed in the Central Intelligence Agency to use the DoD bus route running between Rosslyn, Virginia and the Pentagon, in either direction, and the Central Intelligence Agency agrees to allow officers and employees of the Federal Government employed in the Department of Defense to use the CIA bus route running between Rosslyn, Virginia and the CIA Headquarters Building, Langley, Virginia, in either direction. Each agency will take positive action to insure that its personnel utilize the bus routes exclusively for the conduct of official Government business as required by 31 U.S.C. 638a, 18 U.S.C. 641, and other applicable statutes. As part of this agreement, also, each agency will furnish the other with facsimile passes in color for use in identifying riders.
